

Aruba ClearPass Configuration

Seminar-ID: CPC

Your key takeaways

This course replaces:

Aruba ClearPass Essentials (CPE)

The 5-day Aruba ClearPass Configuration course prepares participants with foundational skills in Network Access Control using the ClearPass product portfolio. This course includes both instructional modules and labs to teach participants about the major features of the ClearPass portfolio. Participants will learn how to set up ClearPass as an AAA server, and configure the Policy Manager, Guest, OnGuard and Onboard feature sets. In addition, this course covers integration with external Active Directory servers, Monitoring and Reporting, as well as deployment best practices.

The student will gain insight into configuring authentication with ClearPass on both wired and wireless networks.

Target Groups

Ideal candidates include network professionals who are looking to build their foundational knowledge of the ClearPass product portfolio.
